

Get medical summaries that are as clear as a bell.

CUT THROUGH THE NOISE

Asabell™ by Compex transforms thousands of medical record pages into a concise, reliable summary that is fast, cost-effective, and “clear as a bell.” By leveraging advanced AI technology, it enables you to evaluate cases with greater speed, accuracy, and confidence. No more information overload. Asabell™ delivers the clarity you need to make smarter, defensible decisions—every time.

- 01 Review hundreds of pages in minutes.
- 02 Duplicate and administrative non-medical pages removed.
- 03 Navigate categorized bookmarks hyperlinked by date, provider, medication, and associated clinical information, directly to the record with highlights.
- 04 Search by all variations of a diagnosis, provider, condition, surgery, medication, and more.
- 05 Provides a comprehensive medical history to identify pre-existing conditions and pinpoint gaps in treatment, ensuring a more thorough understanding of each case.
- 06 Chronologically organized visit summaries with hyperlinks to the records
- 07 Case overview summary of all merged records
- 08 Interactive chat to query the records
- 09 Analysis of injuries sustained pre- and post-date of loss
- 10 Workers’ comp insights page to highlight records pertinent to the claims analysis
- 11 Billing summary listing all itemized charges by treatment code and any payments applied
- 12 Filter records by various categories, then export customized PDF reports
